

TLS Delabie Mirror Boxes

Introduction

Introducing the Delabie Mirror Boxes – an innovative solution designed to bring elegance, efficiency, and hygiene to commercial washrooms. Available in both 4 in 1 and 3 in 1 configurations, these units combine multiple essential washroom functions into one sleek design. The 4 in 1 model integrates a mirror, soap dispenser, tap, and hand dryer (or paper towel dispenser), while the 3 in 1 option offers a mirror, soap dispenser, and hand dryer (or paper towel dispenser) for environments where a tap is not required. Both options feature a matte black finish with subtle ambient lighting. Sensor activation ensures touch free operation, creating a truly hygienic and user friendly experience.

With Delabie's renowned design and engineering excellence, these mirror boxes offer both functionality and a premium aesthetic, making them ideal for modern public spaces that demand beauty, utility, and durability.

TLS Delabie Mirror Boxes

Applications

Delabie Mirror Boxes are ideal for a wide range of commercial and public washroom environments. They are particularly suited to high traffic areas such as airports, shopping centres, hotels, healthcare facilities, and educational institutions where hygiene, efficiency, and vandal resistance are essential. The integrated design reduces clutter and creates a streamlined, contemporary finish suitable for premium projects.

Features

- **4 in 1 Functionality:** Mirror, soap dispenser, tap, and hand dryer (or paper towel dispenser) integrated into one unit.
- **3 in 1 Functionality:** Mirror, soap dispenser, and hand dryer (or paper towel dispenser) for projects that do not require an integrated tap.
- **Touch Free Operation:** Infrared sensors for soap, water, and drying functions ensure maximum hygiene.
- **Premium Build:** 304 stainless steel cabinet with a matte black melamine finish and illuminated pictograms for intuitive use.
- **Water Efficiency:** Flow rate preset at 3 L/min, adjustable down to 1.4 L/min (4 in 1 models with tap).
- **Fast Hand Drying:** Air pulse hand dryer dries hands in 10–12 seconds with low energy consumption.
- **Large Soap Capacity:** 5L soap tank with a no waste pump suitable for liquid or foam soap.
- **Easy Installation:** Single electrical supply, top or recessed inlets, adjustable hinges, and concealed fixings.
- **Vandal Resistant:** Lockable cabinet with a standard Delabie key.
- **Modular Installation:** Multiple cabinets can be installed side by side to create a seamless mirror wall.
